

16 October 2016

NOTICE

The **Centre for Earth Studies** as part of the course of **Disaster Management and Risk Preparedness** is organizing an **open Lecture- Demonstration on Fire Safety** in the **College**, in the **Auditorium on 17th October, 2016, at 11 am** (approximately 40 min).

The gathering will then shift to the area in front of the **Conference Room** for a **Demonstration of the Safety Vans** (parked along the Fountain park) **and the Fire Fighting Equipment** (approximately 30 min).

All members of the college community are required to attend the same. Work timings will be adjusted accordingly. Classes will resume at 12.30 pm.
