Indraprastha College, Civil Lines,
New Delhi-110054

I take immense pleasure to write this letter to you. Being an elected representative, it's my duty to resolve problems and issues of the local citizens. At the same time, it is also imperative to come up with creative and innovative ideas for the rapid development of this great nation. I believe that the youth of this country have immense potential and I would like to engage a few selected students in the process of governance. I have initiated a "Summer Internship Program" to enable the students to undertake a learning experience in the field of governance. The Subjects are as under:

- Public Policy Research
- Social Benefit Schemes & Projects
- Energy Conservation
- Good Governance

I hereby invite applications for internship with me and I would be glad if you could assist me in this process. The internship shall commence from 1st June for a period of two month. Last date of applications is 28th May. The applications could be emailed at contact@maheishgirri.com. I am sending three posters along with this letter to put up in your premises.

With regards,

Mahesh Girri
