

Indraprastha College for Women
University of Delhi

9 September 2020

IPC/13/20

Financial Assistance to Students

The College had sent out the call for financial assistance to students on 12 August 2020. A very large number of applications have been received to date. These are in addition to the concessions continued for this year to existing student beneficiaries of the financial aid policy of the College.

In view of the conditions of pandemic and the possible economic hardships caused, as a one-time measure the College has extended financial support to all the applicants.

Students who have applied for the financial support, are required to login to their fee portal and pay their fees accordingly.

Applicants who have already paid their fees will receive the reimbursement from the College in their accounts.

The last date for payment of fee is 15 September 2020.

No further applications or queries in this matter will be entertained.
