NOTICE

We are happy to announce that Indraprastha College has received sanction for a prestigious translation project from the Sahitya Akademi.

This project involves translation of short stories by contemporary Hindi writers into English. We are fortunate to have received copyright clearance too from the authors in this regard. We hope to publish an Anthology of translated short stories under the aegis of Sahitya Akademi.

The Translation and Translation Studies Centre of the College invites student participation for this collaborative venture. A competitive qualifying round of on the spot Hindi to English translation will be held on Wednesday at 1.30 p.m. in the Translation and Translation Studies Centre.

All interested students across disciplines may kindly assemble at the venue and avail this tremendous opportunity for publication subject to selection by the Screening Committee.
