

About Application

The Application is designed for the visually challenged students of Indraprastha College for women. The main purpose of the application is to develop an audio repository of readings and lectures for visually challenged students based on prescribed syllabus of University of Delhi. The users who want to access this audio repository have to register themselves through sign in option. After successful registration they will be able to sign-in the application. Online and offline accesses are available in the application. For offline access, user first needs to work in online mode and download the audio content on their device. Later these files can be accessed via offline mode. Offline access is provided for the users so that they can avail the facility of accessing the application when they are not connected to the Internet.

Presently, the audio contents are available only in those subjects in which the VH students are currently enrolled in IP College. In future, the content will be updated regularly according to the requirements of VH students.
