

ENACTUS IPCW  
New Initiative (April-May 2020)

Amidst these tough and trying times, with the global outbreak of COVID-19, people have been confined to their homes. The privileged ones have everything at their convenience, but there are many others who are struggling for even the basic.

Enactus IPCW made an endeavour to extend help to those in need. With GOONJ's initiative and its collaboration with Indraprastha College for Women, Enactus IPCW raised funds to support those for whom it's difficult to even get access to essentials. Funds were generated for women in particular, to provide them with menstrual relief, in line with the major objective of Goonj. For the same, crowdfunding portal was set up to collect money (<https://fundraisers.giveindia.org/campaigns/rahat-covid19s6e8mogmc>). With a target of Rs. 30,000; Enactus IPCW successfully raised close to 23,000 within first week.
