Principal Address

Distinguished Guests, Esteemed Chairman and Members of the Governing Body, Dear Colleagues, Friends and Beloved Students:

We are at the milestone of 95 years of this glorious institution and the countdown to its centennial has begun. I take this opportunity to congratulate the entire College community and all those who have walked with us on this journey. The other landmark of this year is the completion of two decades of the Department of Multi Media and Mass Communication (BMMMC), which in a visionary act was established in 1999 as the Bachelor of Mass Media and Mass Communication. The College has already begun the celebration of both of these events on its calendar.

The College is proud to announce that as a result of collective effort of the College community, the Governing Council of the International Association of Educators for World Peace (affiliated to UN: ECOSOC, DPI), Indian Institute of Ecology and Environment (IIE) and National Institute of Cleanliness Education and Research (NICER) conferred Plastic Free College of the Year award upon Indraprastha College for Women.

The Internal Quality Assurance Cell (IQAC) is central to the efforts to enhance the College's internal quality in a continual process that has gained momentum under Coordinator Dr. Meena Bhargava who has proactively interacted and participated in the national dialogue with concerned ministries, bodies and institutions to strengthen the College's best practices and institutional position. In the year 2018 the second Annual Quality Assurance Report (AQAR), was prepared and sent to the accreditation agency. The College applied for the NIRF ratings, and was placed at rank 51 in the country. Reviewing this ranking the College has strengthened its data collection mechanisms and the areas of institutional activity which contribute to the relevant data pool. A Data Manager has been appointed who assists the IQAC in data collection and compilation. The second round of data has been submitted to the MHRD for NIRF ranking 2018–2019. All this information has been posted in the public domain on the College website, and shows improved performance at all levels.

The IQAC is the aegis under which the various activities of the College are organized, and is the nodal body where all related information is submitted. The College thanks each and every teaching and non-teaching staff who has contributed in maintaining and compiling this data. In April 2018 the College held its day-long Annual Academic Review, as has become the practice, at an academic congress of the Staff Council with all teachers, to review and set the academic agenda and pedagogical practices for the session and design measures to smoothly implement the academic calendar of the College.

Coordinator, Academic Standards Committee Dr. Jyoti Trehan Sharma, streamlined the schedule of academic activities in the College and made significant interventions in the administration of the system of data entry for internal assessment for students. The systems were streamlined in tandem with Admissions, Examinations and Accounts which facilitated sectioning of classes and calculation of workload in time. A mail id was created for data submission and centralized schedules were developed for the Student Faculty Committee meetings and Student Paper presentations. Dr. Harshbala Sharma as Coordinator Workload and Dr. Manisha Bansal, Coordinator Time Table worked alongside to enhance the internal quality of implementation of the academic programmes and schedules and the College thanks them.

Vice-Principal Dr. Rekha Sethi was also conferred additional responsibility as the Coordinator of BMMMC, and in that capacity with her team on board, has given the Department new directions befitting the twenty years of its existence. The BMMMC Committee led by the Principal successfully revamped and updated the syllabus, and human and infrastructural resources, as well as the implementation of this unique, competitive and highly popular course.

In a significant move, given its Liberal Arts profile, the College has founded its Science Society with five departments – Mathematics, Computer Science, Geography, Environmental Studies and Psychology – as the core, and Ms. Ritu Singhal of the Department of Computer Science as its first Coordinator.
