Principal's Address

Distinguished Guests, Esteemed Chairman and Members of the Governing Body, Dear Colleagues, Friends and Beloved Students:

I welcome you all and take this opportunity to congratulate the entire College community and all those who have walked with us on this journey for 96 long years. As we look towards the College centennial, on the verge of several momentous changes, the milestones of the year gone by and the strides we have taken in the meantime, are recounted here.

In 2019 the range of the College academic program expanded to include B.Sc. (Hons) in Environmental Science. This will be implemented in the academic session 2020-2021. We are in the process of developing the dry and wet labs and infrastructure required to run this course at the optimal level. This is an important addition to the College profile of multi-disciplinary studies and is an added impetus to its ongoing projects in Ecology and Environment.

An important step towards Waste Management has been taken by the College under the slogan of 'No Waste Leaves the Campus' through Project *Nidaan*, initiated by the College's Centre for Earth Studies. Recycle projects in the College were revamped to educate on waste segregation at source and dedicated repositories for waste collection have been installed. All activities under Union and College societies are contributing actively to the successful implementation of the program. A leaf composting machine has also been installed on campus in addition to the compost pits and bins already present. Sanitary pad vending machines and incinerators are also in use on campus. E-waste and plastic is recycled through the NGO *Chintan*, which feeds the income generated into the project of education of street children. The NSS complemented the initiatives with emphasis on the environment and *Swachhata* Programs. The ECO club in tandem continued with its awareness campaigns and drives with the College community. Details are enclosed.

The College is proud to announce that 22 students were awarded the UN Millennium Fellowship for their outreach projects and initiatives in pursuit of the Sustainable Development Goals (SDG). Details are enclosed in this report. Special mention is made of the outreach activities under Project Noor of the College, which included student engagement with an adopted community of manual scavengers, working towards education, rehabilitation and promoting dignified and sustainable livelihood.

Pursuing its vision of Diversity Inclusion in the year 2019-20, the College gave financial assistance to 326 students with partial waiver of fees including Hostel fee waivers and 9 students with full fee waiver. This assistance has been in addition to the state/other agencies support that the reserved categories students receive. The College facilitated 118 students to obtain financial aid from other agencies, trusts and NGOs. The College also has a financially sustainable Need-Blind admission policy enabling all eligible students to enroll for its courses at the time of admission itself. It continues to support students with Registration Fees to make their academic presentations in professionally recognized conferences abroad. The College has also financially

supported extraordinary individual initiatives beyond the prescribed curriculum to enable young, enthusiastic women to realize their dreams and aspirations.

The Equal Opportunity Cell (EOC), along with the Enabling Unit of the College, and Help the Blind Foundation has supported 46 students. The All India Confederation of the Blind has supported 4 students. The College has received Rs. 6, 61,500/- from the combined sponsorship of Help the Blind Foundation and the All India Confederation of the Blind (AICB), and every visually-disabled student of the College is covered by a scholarship. The Braille Atlas is available in the College Library for the use of visually-impaired students, and so is the encyclopedia of Indian Sign Language. Under the Assistance Program for visually-impaired students, movies were screened at Siri fort Auditorium. The EOC along with NSS organized an Electoral Verification program for the visually-disabled students. The workshop on Career and Job Opportunities continued to be organized jointly by Arise Impact and a workshop was held on how to draft a resume. We are happy to record that 6 students with disability have been recruited into jobs including those in the government sector. Self-defense training workshops in collaboration with Delhi Police continued to be held for the visually-disabled students.

In 2019, the College has strengthened its international linkages and has signed a MOU with Middlebury College, Vermont, USA for student study programs. In this the study of Hindi at the international level has been a focal point, and the College has been encouraged to expand the scope of its Hindi studies to develop programs for international Non-Hindi speaking students. Four faculty including Principal Babli Moitra Saraf, were accepted to present their papers at the International Hindi Conference in Lisbon in June 2019, co-hosted by the University of Lisbon and the Indian Embassy. The representatives of New York University and the University of Columbia had a meeting there with the College to finalize an International Conference in Hindi to be hosted by Indraprastha College in January 2020. We have just concluded that conference from 9-11 January 2020 with the support of ICCR. The College also developed a collaborative Student Workshop with the Institute of Iranian Studies, University of Gottingen, on Sufism from 6-8 January 2020. This move was initiated by the award of the Namaste+ fellowship to Dr. Meenakshi Khanna of the Department of History, who spent a month as a Visiting Professor at the University in November-December 2019 and finalized this program.

The College also planned an International Student Symposium with researchers from the Department of Learning and Teaching, University of San Diego, California, around English Studies and Language Learning in India. This too was held on 20 January 2020.

The Principal was invited on the Selection Committee for the Fulbright-Nehru International Education Administrators Seminar and the College has been requested to host a half day study tour for the cohort in March 2020. Apart from these, the University of Cambridge and the University of Melbourne also visited the College to pursue future associations.

International visitors to the city delivered lectures in the College. The 'Chat with a Diplomat' facilitated by the Centre for Earth Studies and Global Youth Program, IP College Chapter, brought in the Economic Counsellor from the British High Commission.

An important development in this area has been the recruitment visits of Companies like Deloitte, Ernst & Young, Price Waterhouse Coopers, and others. The students have performed impressively and have left their impact to the extent that Deloitte invited the Principal to participate in their Annual Deans Summit in Hyderabad in April 2019. The details are enclosed in the report. The CGPC also organized the Global University Fair in the College which saw participation from all the colleges of University of Delhi. The College also launched its Entrepreneurship Cell inspired by a workshop on 'Women Entrepreneurship: Incentives and Strategies' by the Indira Gandhi Delhi Technical University for Women – Anveshan Foundation.

Two decades of the Department of Multi Media and Mass Communication, was celebrated in a unique way from January 2019 when the College was invited to host the Fulbright-Nehru Scholar, Prof. Roseann Mandzuik, University of Texas, for a semester. Thanks to our Visiting Scholars Residence on Campus, both Prof. Mandzuik and the College could optimize her stay with us and make significant interventions in the MMMC Department, in which she was located to teach. She offered 3 Certificate Programs to the three years, which gave the students the benefit of an international certification in the course of their regular academic program. The Department organized an International Student Festival 'Lights, Camera, Action' with global participation. The International Red Cross

Committee (ICRC) participated in the curtain-raiser with an exhibition and symposium on its activities and potential careers available to media professionals. A National Conference was hosted in November 2019 which culminated with the felicitation of over 80 people associated over 20 years with the Department of MMMC. Many could not attend, being scattered worldwide. A grand dinner for the honored alumnae, teachers, experts and other associates, on the Principal's Lawns marked the finale. Today, the College has released the Commemorative Brochure.

The MMMC Course Committee chaired by the Principal, successfully revamped and updated the syllabus, and human and infrastructural resources, as well as the implementation of this unique, competitive and highly popular course. The College also added a fully equipped Multi Media Lab with upgraded technology including the latest Mac Computers and software. A new program of workshops conducted by experts in various media-related fields was introduced on Saturdays.

The IQAC is the aegis under which the various activities of the College are organized, and is the nodal body where all related information is submitted. The College thanks each and every teaching and non-teaching staff who has contributed in maintaining and compiling this data. In April 2019 the College held its day-long Annual Academic Review, as has become the practice, at an Academic Congress of the Staff Council with all teachers, to review and set the academic agenda and pedagogical practices for the session and design measures to smoothly implement the academic calendar of the College.

The College improved its NIRF ranking bringing it to the 46th position. The College under its IQAC continues to strengthen its data collection mechanisms and the areas of institutional activity which require reinforcement. Under instructions from MHRD the College has appointed a Social Media Champion to handle the Social Media accounts of the College in order to publicize its own events and achievements and stay abreast of the same in other institutions. The third round of data has been submitted to the MHRD for NIRF ranking 2019-2020. All this information has been posted in the public domain on the College website, and shows improved performance at all levels.

The College continues to strengthen its links with the universities located in Delhi and NCR regions, like Ambedkar, Ashoka and Jindal, and is part of the network of that intellectual and academic community. An important addition in 2019 was the Indira Gandhi Delhi Technical University for Women (IGDTUW), which collaborated with the College on several initiatives for ecology and entrepreneurship.

The curriculum of all courses in the University was revised and updated under the Learning Outcomes based Curriculum Framework (LOCF) methodology. The various curricula were implemented in the College in the Academic Session 2019-2020. The College laid a heightened emphasis on academic writing across departments and five writing workshops under experts were organized.

In the interest of enhancement of its academic profile and scientific awareness in the College community, the College had founded its Science Society with five departments – Mathematics, Computer Science, Geography, Environmental Studies and Psychology – as the core. The centre will also encourage practice workshops and research on Yoga. The seven Learning and Resource Centres of the College have been envisaged as innovative interventions in the Teaching-Learning process, and have indeed established themselves as such.
