20th Nov		DISPERSAL OF CLASSES	

Unit	TOPICS
	Practicals/Hands-on Exercises (02 Credits: 60 hours) 1. Investigate the framework for sustainability reporting outlined by global reporting initiatives (GRI) 2. Analyse universal, sector, and topic standards given by GRI 3. Develop sustainability reporting of your institute 4. Examine and report the sustainability of your residential society or residential area around your College 5. Compare and contrast sustainability reporting of the market in your neighbourhood and the selected mining industry 6. Visit a thermal power plant in and around your city and write its sustainability report 7. Using appropriate standards, evaluate the sustainability of a Cement Factory in your city 8. Field survey of a waste treatment facility in your city, assess their sustainability and give recommendations if required. 9. Analyze the potential and limitations of certified tools and software recommended by the GRI for sustainability reporting 10. Examine and evaluate sustainability reports available on different sectors and topics worldwide and give appropriate recommendations, if any.
